PROFILE

I'm a full-stack developer who can turn caffeine into code and bugs into mythical creatures.

With 9+ years of experience, my achievements include:

- Boosting a client's Shopify success with a 60% conversion rate increase, elevating revenue from \$10,000 to \$16,000/month;
- Collaborated with diverse clients from various industries, translating their visions into captivating user-friendly web interfaces;
- Reduced development time by 45% while maintaining high-quality standards by utilizing Webflow's low-code capabilities;
- Developed highly customizable WordPress websites that are easy for clients to manage and scale;
- A whopping 5000 hours spent on crafting and designing websites.

Services that YOU CAN GET:

- Shopify website creation from scratch;
- Compelling web design with a strong UX focus.;
- Webflow website creation with dynamic interactions and animations;
- Low-code solutions for quick and efficient development;
- WordPress website development and customization;
- Page speed optimization and checkout process customization;
- Custom theme and plugin development.
