👤 PROFILE

Highly skilled web developer with over 9 years of experience creating user interfaces, testing, debugging, training employees and optimizing web functionality that improves data retrieval and workflow efficiencies.

Conceived and developed about 1500+ user-friendly responsive websites with high proficiency.

Proven ability to work collaboratively with cross-functional teams to deliver high-quality products on time and within budget. Seeking a challenging position in web development.

💼 PROFESSIONAL EXPERIENCE

Sep 2020 – Dec 2022
Miami, FL 33131, US

Full-stack Developer, *UO solutions*
- Prepared complex user interfaces and data interactions within a strict deadline in collaboration with 20+ designers and 50+ developers.
- Established and managed SharePoint permissions across 50+ clients, app, and sites in the first month of joining the team.
- Developed and maintained 18 web applications using modern full-stack frameworks such as MEAN (MongoDB, Express, Angular, Node.js) and MERN (MongoDB, Express, React, Node.js) while I was a employer in the agency.
- Designed and developed applications for use within the company to improve efficiency and reduce paper waste.

Aug 2018 – Sep 2020
Miami, FL 33131, US

Senior WordPress Developer, *UO solutions*
- Led a team of designers and developers to deliver custom WordPress solutions for diverse clients.
- Translated client requirements into responsive and visually engaging websites utilizing HTML, CSS, JavaScript, and PHP.
- Developed 20+ custom WordPress themes and plugins to enhance functionality and meet specific project needs.
- Collaborated closely with clients to understand their goals, provided expert guidance, and ensured timely project completion.
- Optimized website performance through efficient coding practices, caching techniques, and performance analysis

Jun 2017 – May 2018
2018 Antwerpen, Belgium

Junior Front-End Developer, *KangaCoders*
- Optimized 7 web pages for speed and performance by eliminating unnecessary scripts/styles and increasing load time by 69%.
- Developed and maintained web applications using modern web development frameworks such as React and Angular.
- Contributed to the design of request and response payloads of API endpoints in collaboration with a 20+ person product team and backend developers.

Jul 2014 – Dec 2016
69270 Fontaines-sur-Saône, France

Junior web developer, *ADB LEON*
- Assisted in the development and maintenance of web applications using HTML, CSS, JavaScript, and PHP.
- Participated in the design and implementation of 50+ user interfaces and website features.
- Conducted 250+ testing and debugging at an 95% success rate to ensure functionality and resolve any issues.
- Collaborated with 4 team to optimize website performance and loading speed.
